NOTE! This list of Contractors has been compiled for your convenience. It is not our intent to make any recommendation regarding any of them. Should you choose to allow the contractor to submit the application and sign the permit for you, they must have a *NOTARIZED LETTER OF AUTHORIZATION* from you to do so. Also, as of September 1, 2004, all electrical installations must be performed by a licensed electrical contractor. (Updated 10/18/11 CDR)
